Thought for the Week: "I will honor Christmas in my heart, and try to keep it all the year." Charles Dickens

RECEPTIONIST CARRIES ON FAMILY TRADITION OF CARING FOR OTHERS

Continuing a family legacy of service that spans three generations, Bonnie Meyers takes pride in welcoming residents, families and staff in her part-time role as a receptionist at Heritage Pointe of Warren, the senior living community where her grandmother and mother once worked.

Meyers' connection to the community began decades before she joined the staff. Her grandmother, Celia Rublek, worked as an administrative assistant to longtime administrator Dewey Souder, who served until 1965, when the community was known as the United Methodist Memorial Home. Her mother, Anne Brauchla, was a seamstress who oversaw the community's sewing room and later became a resident. "I was married in the Applegate Chapel at Heritage Pointe in 1972, by the Reverend Souder, the administrator at that time," she says.

Growing up in Warren, Meyers often visited Heritage Pointe, where she had experiences that sparked her interest in caring for older adults.

"I really liked the older people, and they really liked visiting with younger people," she says.

Meyers, 73, and her husband, David, moved to a villa at Heritage Pointe in 2017, attracted by the community's amenities and a view of the 9-hole golf course. Retirement, however, didn't suit them.

"We thought we'd retire, golf and goof off. After a year, we thought, 'That's not for us,'" she says.

A former certified nursing assistant who spent 15 years working at Heritage Pointe, Meyers accepted a receptionist position when the opportunity arose in 2019. She was already volunteering in the gift shop and helping with activities.

"I wanted to be out of the house and be active," she says.

During the COVID-19 pandemic, she staffed the entrance to the skilled nursing at Heritage Pointe, screening visitors and ensuring masks and temperature checks were completed. Today, she greets visitors at the front desk, assists residents, answers phones and provides clerical support. She easily got to know the residents and their loved ones. She views the front desk as a critical link for families. "We are a lifeline for families when they call or come in," she says.

A NEW YEAR, A NEW BEGINNING

by Bryan Golden

The New Year is a time of resolutions. It's a time when people commit to making a change in their life. Losing weight, changing jobs, saving money, making money, a new relationship, getting in shape, going back to school, or giving up smoking, are just some of the goals people set for themselves on January 1st.

Although it's possible for anyone to make a change or a new start, it takes determination, commitment, and persistence. A new goal must be your own. You have to really want it. Without a burning desire, your motivation will fade quickly. It's virtually impossible to make a change due to external pressure.

You may agree to what someone else wants you to do, but it's very difficult to succeed without an internal drive. So, in order to successfully make a change or reach a goal, you have to make sure it's what you really want.

Don't start off on the wrong foot by making excuses as to why you will probably fail. If you don't truly believe you can do it, you won't. People who do this will say something like, "I'll try to do it, but ..." Or you may hear, "I tried before and it didn't work but I'll give it another go." Before you begin, make sure the only things you are telling yourself are, "I can," "I will," and "I will do whatever it takes."

A new beginning is a three-step process. You have to first know what you want, formulate a plan to achieve it, and then take the necessary action to get it. Setting a specific goal is essential. The more detailed the better. If you want to lose weight, how much and by when? If you want a new job, what will it be and how much will it pay? If you want to save money, how much and how often?

Next, you need a plan. Just like your goal, your plan must be as detailed as possible. If you are going to lose weight, what will be your menu each week? Are you going to go on a specific diet, cut out certain foods, or just eat less? For finding a new job, what will be your strategy? Do you need a new resume? Will you look on line, in the classifieds, use an employment agency, network, cold call, or all of these? If you want to save more money, in what areas will you cut back? Do you know where your money is going? Have you created a budget?

You want your plan to be doable. The smaller the steps are, the more likely you will be to succeed. Any time you feel a step is too big, break it down further. It doesn't matter how small each step is so long as you keep going and never give up.

Morrison read a notice from the Town Attorney noting that he had been notified that proper procedure had not been followed in making appointment to Town Council due to Buzzard's retirement and that action was required to make the appointment official. Morrison noted that Buzzard's notice of resignation had been forwarded to the County Clerk. Rufener moved, seconded Boxell, to appoint Scott Canady to Town Council effective January 1, 2026. Motion approved unanimously.

Wage and Benefits Ordinances 2025- 14, 15, 16 as presented at the November 10th meeting were submitted for consideration of Adoption. Buzzard moved, seconded by Sweikhardt, to adopt Ordinances 2026-14,15,16. Motion approved unanimously.

discussion, Schweikardt moved, seconded by Rufener, to contract with BS&A/Boyce with initial cost of \$\$23,425 compared to Frey at \$29,823.09. Motion approved unanimously. Due to backlog, the initial start up would not be done until August, 2026.

A contract with ENTRUST, Electric Engineers, for the year 2026 in the amount of \$10,000 was submitted with note that the contract is identical to the one held in 2025. Buzzard moved, seconded by Boxell, to accept the contract. Motion approved unanimously.

Schweikhardt also updated on a recent WHARMM (Warren, Huntington, Roanoke, Markle, Mt Etna) meeting noting that discussion centered on need to prepare for Budget Impacts in the next few years due to action by the State Legislature in tax restructuring.

The next meeting of Town Council is scheduled for January 12, 2026 at 5:00 pm.

BE SAFE, PLAN AHEAD, AND DRIVE SOBER FOR HOLIDAY TRAVEL

AAA predicts the heaviest travel during the weekends before and after Christmas. INDIANA —AAA predicts at least 109 million travelers will hit the road across the U.S. this year for the Christmas holiday, more than 2.5 million of those from Indiana. As Hoosiers drive to their holiday destinations, INDOT urges motorists to plan ahead, travel safely, and drive sober as increased traffic is expected starting Saturday, December 20.

"Motorists should expect increased traffic and potential delays as early as this weekend for holiday travel," said INDOT Commissioner Lyndsay Quist. "While the weather looks favorable, we still encourage drivers to plan ahead, practice patience, and allow for extra travel time. We want everyone to reach their holiday destinations safely."

AAA expects the busiest travel days to be Saturday, December 20, and the weekend after Christmas, from Friday, December 26, through Sunday, December

28, with heavier traffic between 11 a.m. and 8 p.m. on those days. Traffic restrictions related to maintenance or construction should be minimal outside of longer-term projects. Visit 511in.org or download the INDOT TrafficWise app on your mobile device to see current closures and restrictions, view traffic cameras, and plan your route.

Buckle Up Phone Down

While just under seven percent of Indiana drivers don't wear their seatbelts, they account for 45% of passenger car fatalities, and texting while driving increases the risk of a crash by 50%. Buckling up and putting the phone down are two simple actions drivers and their passengers can take 100%

of the time, not just during holiday travels, to prevent crashes – or survive if one occurs.

Drive Sober

December is National Impaired Driving Prevention Month, a timely reminder to never drive while under the influence of alcohol or drugs. From 2019-2023, the National Highway Traffic Safety Administration reports that more than 4,900 people died in drunk-driving crashes during the month of December. It is never safe to drink and drive. Make a plan to use a rideshare, designate a sober driver, or use public transit so everyone makes it home safely.

INDOT Hoosier Helpers

The Hoosier Helper Safety Service Patrol, sponsored by GEICO, will be active this holiday season. The purpose of the program is to help keep interstates safe, provide traffic control and minor medical care at crash sites, and offer limited roadside assistance like changing a tire.

Since 1991, INDOT Hoosier Helpers have assisted more than 400,000 motorists, driven more than 20 million miles

and responded to over 1.2 million incidents statewide. Hoosier Helpers cover 177 miles of interstate in central, northwest and southern Indiana, including the Indianapolis and Louisville metropolitan areas and Gary. Drivers in need of assistance from a Hoosier Helper should contact INDOT Customer Service at 855-INDOT4U (463-6848).

Indiana's law allows a one-time opportunity for some low-level convictions, misdemeanors, and arrest records to be expunged (sealed) from criminal records. The Second Chance Initiative, a partnership of the Volunteer Center, the Volunteer Lawyer Program and Indiana Legal Services, offers individuals that meet qualification requirements the opportunity to have their Indiana conviction records expunged.

Volunteer Center Executive Director Ani Etter states, "A criminal record is one of the largest

obstacles to better housing, employment, and education. The Second Chance Initiative provides an option for low to moderate income individuals to have a chance at a better future."

THE CHRISTMAS SPIRIT

by Dr. Glenn Mollette
We can't think about December without thinking about Christmas. December is saturated with Christmas. Christmas shopping, Christmas baking, Christmas Carols, Christmas television programs, Christmas religious services and the Christmas spirit.

Christmas has an accelerated pace of hustle and bustle but it also has an eerie haunting side. I was going through my cell phone contact list this morning and was appalled at how many contacts I have in my phone who are now deceased. Every time I turn around I discover an acquaintance has passed. For so many of us, we can't really arise to the crescendo side of

Christmas celebrations without wading through the mire of grief. We think about parents, spouses, children and friends whom we loved so much who are not here to celebrate Christmas with us. We remember old times that were good times. Those times aren't as possible as they once were. So, this presents a major hurdle for many of us to overcome and it's not easy.

Christmas presents a yearly challenge for us to create a new and special time. What was, will not be again. Thus, we have to recreate our holidays which means they will be different. They can't be the same, because what was no longer exists. Therefore, what was, cannot happen again.

The baby Jesus was born in Bethlehem. He was God in the flesh. He came with a divine purpose to bring joy and life. He brought joy to Mary and Joseph, the shepherds and the wisemen who traveled from afar to worship him. Unfortunately, Jesus was troubling to some who did not understand his mission and purpose.

This month of December we will not forget those who were so special to us. They helped make Christmas bright. Let's focus on the one who really brings light to our lives and is the light of the world and that's the baby Jesus, who said, "I am the light of the world." We need his light to navigate the darkness. Yes, the world has a dark side. Death and grief are difficult to navigate. We need the Christ child who came to help and save us to lead us through this

month and the rest of our lives.

This December let's focus on loving those we know and those who are here. Let's draw close to each other. Jesus will help us. He said, "If I be lifted up, I will draw all men unto me." He will make our journey lighter and brighter. Reach out to others. Don't wait for your phone to ring. You make the call. Send the text and reach out. Spread God's love and spread well wishes and goodness to all you know.

When we give love and hope to others, it comes back to us. If we invest in others, the invest in some way will be returned. Jesus is our example. He came to earth. He lived, loved and walked among us. We are the benefactors of his life. As we look to Him this season, may others be the beneficiaries of the Christmas spirit that dwells in you.

Meyers is also deeply involved in the wider Warren community. She recently led the effort to create the city's new Veterans Memorial Park, inspired in part by her husband's service in the U.S. Army during the Vietnam War. During her visits to other small towns that have veterans' memorials, she wondered why Warren didn't.

"I'm very passionate about it," she says. "I see how much it means to veterans' families."

She also serves on the Warren Library Board, is active in her church and stays fit with chair yoga and swimming at Heritage Pointe. Her husband continues to work part-time and enjoys spending time in their villa's spacious garage.

"There is a lot of room to work on stuff," he says. "I like fixing things."

Home maintenance is one of the many conveniences the couple values at Heritage Pointe. "They do everything for us," Meyers says.

As receptionist, Meyers hopes her work reflects the standard of care she believes defines Heritage Pointe, which offers independent living, assisted living, memory care, rehabilitation and skilled nursing.

"It's the way they serve people and do things that stands out," she says. "They treat people with dignity 24/7."

ASK SHIP

Q: I am 76 years old and have a supplement Plan G. The plan has increased each year and it's getting very expensive. I am wanting to change Medigap policies to save money but I am worried that I won't be accepted due to my health. Is there any guarantee that would allow me to change plans?

A: Under normal federal rules, someone is NOT guaranteed enrollment into a Medigap policy after their first 6-months on Medicare Part B or during other special circumstance-based situations. Someone can join or change their Medigap policy any time of the year BUT only if they can find a company willing to accept them.

The good news is that starting 1/1/26, Indiana's new Medigap "birthday rule" (HEA 1226) goes into effect. This law guarantees acceptance into a new company's Medigap policy.

Here how it works:

1. This is a new Indiana law to allow those age 65 or older on a Medicare Supplement (Medigap), a guaranteed opportunity to change companies. This does not allow someone on a Medicare Advantage plan guaranteed rights to join a Medigap. This also

does not allow those under age 65 on Medigaps to change policies.

2. How it will work: Within 60 days of your birthday EACH year, you will have an opportunity to go from one company's Medigap to another—guaranteed. Guaranteed means that they MUST accept you and cannot judge you based on your preexisting medical conditions. Plans can still base your premium rate off your age, gender, zip code and tobacco use.

3. The law states that you are only guaranteed to get the SAME lettered Medigap plan that you currently have, but from a new company. For example, if you have a Plan G, you would only be guaranteed for a Plan G at any other company that sells it. You would not have guaranteed rights to drop to a Plan N or increase to a Plan F, for example.

4. To enroll in a new plan, you would simply need to make calls to insurance companies that sell Medigap policies OR meet with a licensed insurance agent/broker that can assist with the enrollment.

This new law will be beneficial to those that are looking to reduce their

Losing 20 pounds may feel overwhelming, but dropping two pounds a month doesn't seem too bad. If you keep at it for 10 months, you will reach your goal. Saving \$3000 might appear beyond reach, but cutting back \$9 a day on family spending is manageable.

Finally, you must take action. The best goals and greatest plans will go nowhere without action. The reason you divided your plan into small sections is so it would be easy to take action, one day at a time. All you have to do is keep going, until you achieve your goal.
