## WARREN BILLBOARD

Look for the new Warren Billboard on I69 north of mile marker 71 (northbound). The Town of Warren, Warren Area Chamber of Commerce and Warren Area Local Development provided funds for this project. Thanks to Bart Willard for his artistic and design expertise.

The billboard kicks off the revitalization project of downtown Warren and promotes business. Local businesses should contact the Chamber for details about getting a web page on warrenindiana.com to enhance the marketing of their business.

Let's make Warren "Picturesque."

## KUDOS, KICKS & KARATS

### LETTER TO THE EDITOR:

I am writing in response to a letter to the editor published in the October 21st issue. Tina Hosler reported that her nephew was struck by full size Blue Dodge pickup truck. I am in Warren several times a week and would like to say my full size blue Dodge Pickup truck was not the vehicle involved in the hit & run of her nephew.

Kim Eltzroth

### UPDATE

I would like to thank Ronnie Boxell with the Huntington County Sheriff's Department for following up with the accident regarding my nephew being hit by a truck a month or so ago. He was concerned about the situation and wanted to offer any assistance or answer questions that I needed answered. He told me that a report was filed and that it was hard to pursue the incident due to not having more information. He did say that the police are keeping an eye out for this Blue Dodge truck with tinted windows, but will need probable cause to pull any vehicle over fitting this description. Law prohibits the police to force medical treatment for a child. The responsibility of medical treatment lies in the hands of the guardian or adult.

I guess someone out there does care. Thanks Ronnie!  
 Christina Hosler

### HAPPY HALLOWEEN!

#### GOBLINS, WITCHES, SCARECROWS, AND SUCH

'Tis the time of broomsticks and skeletons. Halloween is a day for kids to dress up, attend parties, or go trick-or-treating around their neighborhoods. Get ready for Darth Vader, Spider-man, a witch, or a lovely ballerina.

It's also time to take a trip down memory lane. Do you re-member going to a party where lights were turned out and "body parts" were handed from child to child? With shudders of delicious fear and more than one faint scream, eyeballs (peeled grapes) touched young fingers. A slippery "liver" was passed along, and spaghetti was touted as either brains or intestines.

It was a time of powdered sugar doughnuts, apple ci-der, and many a face that became wet when bobbing, for apples.

Remember going house to house where freshly baked cookies were placed in your sack, or cupcakes piled high with chocolate frosting found their way into your mouth? It was a time of innocence.

Halloween may have changed but the customs can still be fun. Yes, today you may use dried apricots to simulate ears and fill a plastic glove with water to make an imaginary hand, but children still enjoy a bit of "fun fear." So turn off the scary movies on television and let the Halloween fun begin.

Take your children down your memory road and build memo-ries for them.

## COUNCIL NOTES

The Van Buren Town Council held a short meeting on Wednesday evening, Oct. 19, in the Council Room at Town Hall. President Tony Manry called the meeting to order at 7 p.m. All in attendance repeated the Pledge to the American Flag.

Minutes of the previous meeting were approved as submitted.

A citizen in attendance asked about details of the planned Community Halloween Party at the Elementary School on Oct. 31. Representatives of Council and the Lions Club are expected to assist.

Appreciation was expressed that Council donated \$500 for trees at the new Lions Club Park at the corner of First and Main Streets. It was hoped to get a permit to build new sidewalks there.

Rex Huffman reported he had purchased a property where they plan to move their mobile home, but Area Plan said the property was listed as industrial. If this proves to be true, the property will be zoned residential.

Officer Pat Collins gave the Police report. Both vehicles were reported to be running well and both to be serviced soon.

Superintendent Jim Webb gave his report. All meters had been read in September and October. There had been 12 water re-lated calls and one meter replaced.

The water plant was reported to be running well.

The Town Clean-up Days had gone well and two dumpsters were filled.

Town employees were getting equipment ready for winter.

It is requested that no leaves be burned on the streets. Residents may bag them and leave them on the curb and town employees will pick them up.

Flu shots are to be given Nov.

8 from 9 a.m. to noon at the Town Hall.

The next Council meeting will be Nov. 2.

## HONEY AVAILABLE

Honey is again available at the Warren Pharmacy. This raw honey is extracted by David Reinhard, from bees that he raised for 4-H. He was the Wells County reserve Grand Champion. Fresh Honey is only \$3.50/pound in a squeeze jar. We also have Honey from Majenica Creek Honey Farm.

Are there Benefits in Honey?

Yes! Locally grown honey is a benefit. Bees collect pollen from surrounding plants to make honey. When you eat local honey, the pollens are introduced into your body helping you become immune to many affects the plants may have on you. This is a great help for people with allergies.

Raw honey also has benefits. When honey is processed, as it is in most stores, it removes most of the nutrition in the honey. "Raw honey" just means it is unprocessed.

Honey can also be used for quick energy. The simple sugars in honey are easier for your body to digest so it gets to your bloodstream faster. Many professional athletes eat honey before a game for quick energy.

As an interesting side note honey can also be used as a natural bandage on cuts and scrapes because it is completely safe and seals the wound from dirt and germs.

## CALENDAR'S AVAILABLE

2005 God's Creation Appointment Calendars are now available at the Warren Pharmacy and from members of the Huntington Eagles Volleyball & BASKETBALL teams. Beautiful scenes of God's Majesty are

portrayed each month on heavy duty card stock. These make excellent gifts at only \$6 each.

Proceeds support the Huntington Eagles Athletic programs!!!

## HALLOWEEN/FOOD

### ALLERGIES: SCARY

Traditionally, the scariest thing about Halloween was the costumes. These days, with food allergies affecting 1 in 25 school-aged children, the line between "trick" and "treat" is getting blurred. When a tiny bite of candy can cause a severe and potentially fatal allergic reaction, the candy isn't much of a "treat" after all.

So what can parents do to make Halloween both fun and safe for their severely food-allergic children? In her book, "How To Manage Your Child's Life-Threatening Food Allergies: Practical Tips For Everyday Life," Linda Coss provides the following ideas:

- Stay Home. If this is the first child in the household, convince him or her that it is truly special and fun to stay home and distribute treats to the children who come to the door. (Pity those poor other children who are missing out on the excitement of opening the door and seeing all the wonderful costumes).

- Get Help From Your Neighbors. "Secretly" go around the neighborhood in advance of Halloween night and distribute safe candy for your neighbors to (discreetly) give to your child when you come by.

- Throw a Party. On Halloween Night, host a party at your home featuring fun activities and safe food.

- Trade Candy. Go trick-or-treating with your child. When you get home, trade all of the unsafe candies for safe candy which you have purchased in advance or for a non-food

"prize."

"How To Manage" is an easy-to-use reference manual that gives parents the detailed information they need to create a safe home, school and social life for their severely food-allergic child. Ms. Coss is also the author of the popular "What's to Eat? The Milk-Free, Egg-Free, Nut-Free Food Allergy Cookbook." Both books are available at [www.FoodAllergyBooks.com](http://www.FoodAllergyBooks.com), from Amazon.com, and from various booksellers nationwide.

The refreshments expressed the theme with skull cookies, Mexican cakes in addition to the traditional goodies associated with Hallowe'en. Our Pink Hatter, Taya Decker, captured the eventful day on camera to enhance our treasured scrapbook. Attending were: Fritz Boxell, Martha Buzzard, Taya Decker, Willie Hethcote, Irene Henderson, Chris Knox, Velma Lindstrom, Lilly Nutter, Mary Palmer, Helen Stokes, Helen Jo Strassner and Maro Wall. ### SISTERS OF FAITH MEET

The Sisters of Faith of the Warren United Church of Christ met Monday night, October 24, 2005 in the church lounge for their regular business meeting.

President, Eileen Dye called the meeting to order with prayer. Members responded to roll call by giving their highs and lows for the past month.

After a brief business meeting, the program for the evening was given by Peggy Wilson. The program entitled "Your Home", gave us much food for thought on just what our home and family means to us.

Delicious refreshments were served by the committee of Carlene Jackson and Rosemary Zeller to: Peggy Wilson, Janet Klefer, Claudia Boxell, Suzette Gephart, Betty Parker, Marjorie Guard, Marguerite Guenin, Jean Wright, Ellen Laymon, Opal Brubaker, Eileen Dye and Marsha Walton.

The next meeting will be November 28, 2005 with a girls night out.

### RECEIVES AWARD

The Association of Indiana Counties (AIC) named Huntington County Auditor Don Schoeff the 2005 Outstanding County Auditor for contributions he made to county government throughout his years of public service.

Schoeff is currently serving his second term as Huntington

County Auditor and is the president of the Indiana Auditors Association, where he also serves on its Advisory Board. He formerly served eight years as a county commissioner and is a retired Indiana State Police Sergeant. Schoeff is a member of the F.O.P. and Indiana Retired Troopers and has served on the Board of Directors for the Red Cross and United Way.

The award was presented during the AIC's Annual Conference, the largest gathering of county officials in the state, included meetings designed specifically for each elected county office, 16 different workshops as well as informal opportunities where county officials and employees discussed issues with their colleagues from other areas of the state. Officials met at the Hyatt Regency Hotel in Indianapolis to discuss and offer solutions for issues facing local governments. Representatives from public agencies, private entities, universities and local elected officials addressed such issues as: economic development incentives, computer software standards, tax restructuring, welfare services, local government reorganization, cost saving measures, managing growth and homeland security.

### STATE PARK HALLOWEEN

Visitors can enjoy Halloween tricks and treats on Saturday, October 29 as Mounds State Park offers a variety of activi-

ties from 6:00pm - 8:30pm.

Guests are invited to experience the park's haunted trail, which includes interpretation on the Bronnberg Home and the Mounds, along with Halloween spooks and scares. While waiting for your turn on the trail, join the Naturalists at the Visitor Center for other Halloween fun. Visitors will enjoy a variety of crafts, games and refreshments. "This is a great combination of activities for families with children of varied ages. Older children and adults can enjoy the haunted trail and crafts, while the younger children who aren't ready for the trail can enjoy all the crafts and games in the center. There will be plenty of Halloween fun to keep everyone entertained," says Interpretive Naturalist, Jody Heaston.

This event requires a \$1.00 program fee per person over 3 years of age for the event. Children under 16 should be accompanied by an adult. Call the Nature Center at 765-649-8128 for more information. Admission to the park is \$4.00 per car (\$5.00 for out-of-state vehicles).

### CREATES 40 NEW JOBS

Central Indiana Ethanol, LLC today announced the selection of Marion, Ind. as the site for its intended new corn refinery/ethanol plant with the support and assistance of the state of Indiana through the Indiana Economic Development Corporation (IEDC) and the city of Marion.

"The addition of another ethanol plant in Indiana is a big win for Hoosiers," said Governor Daniels. "This plant will add jobs to our state, stimulate the purchase of raw materials from Hoosier farmers, and create a renewable fuel source that is less harmful to the environment. It is a great application of our Clean Indiana Energy policy."

This new facility would inject approximately \$64 million in capital investment into the local economy and create 40 new production jobs.

With a planned capacity of 40-45 million gallons of ethanol and production of 130,000 tons of distillers dried grains for feed, the plant would process 15-17 million bushels of corn each year—primarily sourced from Grant and surrounding counties—significantly benefiting area farmers and agribusinesses.

"Central Indiana Ethanol, LLC would like to thank the IEDC, the city of Marion and the Grant County Council for all their efforts in putting an incentive package together," said Steve Berry, Central Indiana Ethanol President. "It is very exciting to be in the business of producing a renewable fuel that is both environmentally friendly, cost effective, and that will cut America's dependence on foreign oil."

The company was founded by Central Indiana Ethanol project director Jay Berry who is joined by General Manager Mitch Miller. Formerly the operations

manager for a Benson, Minnesota ethanol company, Miller will oversee the construction of Central Indiana Ethanol's new state of the art plant in Marion.

"This is a great day for the state of Indiana, for our area agricultural community and the city of Marion," said Mayor Wayne Seybold. We are seeing visible proof of the strength of local entrepreneurship as well as the further diversification of our economy while improving our energy security".

The Indiana Economic Development Corporation (IEDC), in partnership with the city of Marion, worked together to provide an incentive package that helped secure the \$64 million ethanol plant.

### ON HALLOWEEN KIDS CAN HAVE FUN, STAY SAFE

For children, Halloween may be the second biggest holiday of the year, right after Christmas.

Make sure it is safe and fun with these rules:

Prepare dinner before trick or treat-ing. Otherwise, kids will dig into their candy before you can examine it.

Make sure kids are warm enough.

Other cautions:

Costumes should be flame-retardant. They should not drag on the ground. Costumes should have reflective materials or tape on them so people can see children in the dark.

Encourage children to paint their faces rather than wear a mask, which could interfere with their vision.

They should visit only the

homes of people they know, and only if the homes have porch lights on.

Accompany young children. If they go with an older sibling, make sure he or she knows which houses to visit. Let them carry your cell phone so they can call you if there is any trouble.

Kids going out alone should have a scheduled time to be home and a watch they can read in the dark.

Trick-or-treaters should be told to walk, not run, and stay on sidewalks. They should cross streets at corners and obey traffic signals.

Homeowners should clear their yards and walks of anything a child could trip on. Pets should be kept in-side. Lighted candles or jack-o'-lanterns should be set away from doorways.

### CHARITY RIDE

On October 1st The Indiana Paint Horse Club Sponsored a Charity Trail Ride at the Salamonie Reservoir for St. Jude Children's Research Hospital. Local riders participating were, pictured left to right, Ellie Eckert, Kim Eltzroth, Jane Meece, Wendy Zahm, Cathy Zahm & Michelle Amor. We would like to thank our sponsors for helping us to raise \$1235.00 for such a good cause. The total raised by the entire group that rode was over \$6000.00 for St. Jude's.
