KUDOS, KICKS & KARATS

DEAR FRIENDS, NEIGHBORS AND FAMILY:

Once again, THANK You for your caring thoughts, prayers, cards and visits during Jerry's hospital and nursing home stay. Everyone was just great. Words cannot sufficiently express our gratitude for each act of kindness and compassion. God is with us in the bad times as well as the good ones. Also, because of your support we survived and feel blessed. May each of you feel God's presence too.

Thank You
Jerry and Joan Boyer

A POLITICAL LETTER

Tuesday, November 02, 2010, we the citizens of Huntington County will be electing a new sheriff. That individual must be the best person for this job. It is extremely important for our next sheriff to be able to work closely with not only other public safety agencies and departments but also with groups, organizations and all citizens. We must have a sheriff who knows the laws, has worked cases and has the experience locally to move and lead law enforcement into the future.

If I have a situation come up and need a professional, whether it is a lawyer, doctor or police officer, I want an individual who has been there and done the job many times. We should expect the best. We need a dedicated experienced individual who has the utmost true desire and concern to serve all of the citizens of this county.

We have an individual running for sheriff and another individual who has been earmarked as chief deputy. These two men have the desire, experience, dedication, integrity and personal commitment to lead this county into the future. Terry Stoffel and Chris Newton are the clear choice on election day. Terry Stoffel has worked in his field of expertise for many years and is extremely knowledgeable of the office he is pursuing.

We need a sheriff that gets out, is seen and finds time to interact with groups, organizations and individuals. We need changes and these men will bring about the change that we desperately need.

STANLEY SISTERS

Ten excited sisters were up early on Friday morning to start their trek on their annual vacation. We knew this was not going to be a big adventurous vacation, some of us are aging and it is more difficult to get around (and remember how to get back). Of course, we have a GPS, and if we can remember how to use it, we know we can't get lost. We depend on Rita (the youngest) to navigate for us most of the time.

We packed two vans and left Warren to pick up sisters Laura and Jean, who live in Huntington. We traveled to Baldwin Lake, Michigan, and as unbelievable as it seems, we did not stop once at the many rummage sale signs we passed. (I guess we came to realize our vans were crammed full.) We had also decided we would not take a bunch of food with us as we usually do because we always have to bring too much of it back home. We packed cookies, a birthday cake for Janet, zucchini bread, tomatoes and green beans from our gardens and lots of corn from a donor. Our sister Evelyn, who lives in Elkhart, purchased milk, eggs, bread, etc. and Brenda always packs a large box of staples we need for our home cooked meals.

We arrived at the cottage and after lugging everything in, we

had to blow up two air mattresses and assign sleeping arrangement. The home is equipped with almost everything needed and a lot more. It is a second home for the couple who own it and they are Evelyn's close friends. We really appreciate their generosity in sharing it with us.

We have been so fortunate each year to find a place to accommodate all ten of us. We have vacationed at French Lick, Indiana, Baldwin Lake, Michigan, Panorama Lake, Iowa, Lake Tippecanoe, Indiana, Oakwood Park, Syracuse, Indiana, Geneva-On-The-Lake, Ohio, New Jersey/New York, Big Lake, Indiana, Evelyn's home in Elkhart, and Pinkerton Farms at Rochester, Indiana.

This year we had a new guest stay with us. Evelyn's husband passed away this year and she now lives alone with her dog Gracie. So Gracie accompanied us on vacation. She is a cute, well behaved pet and she fit right in with all of us. Sister Jean loves dogs, and she was constantly taking Gracie for walks, holding her, brushing her coat, and really spoiling her.

Each day was started with breakfast together, followed by our devotional time. We all agree this is the favorite part of our vacation as we share many emotions and memories during this time. Of course, we always

bring our hymn books and do a lot of singing. By the time we get breakfast dishes done it seems like it's time to plan dinner. We still spend lots of time playing games, putting a jigsaw puzzle together, taking walks or sitting on the deck enjoying the weather. Pat always has to set her beauty shop up for a haircut or two!

On Saturday seven of the sisters traveled to Elkhart to spend the day shopping. All of us attended worship service at Trinity Lutheran Church where Evelyn attends in Elkhart. The pastor gave us a special treat by having all ten of us go up together for communion after the congregation had been served. On Tuesday, seven of the girls went to Shipshewanna, shopping for treasures.

The week passed by far too quickly. We spent Friday morning making the home "spic-and-span". We had to leave early on Saturday morning because several of us had to be back in time for a wedding. We decided we would eat breakfast at a restaurant across the lake that had been recommended. A husband and wife, along with their 16 year old daughter, a 14 year old son, and one other employee operated it. The large delicious meals were delivered to us in about 15 minutes. It was a real treat to have such pleasant, and friendly service

and we assured them we would be back!

Those vacationing were Laura Smithley, Jean Pilgrim, Evelyn Lindstrum, Pat Furnish, Mary Shaw, Janet Daugherty, Mona Pinkerton, Brenda Kendall, Kate King and Rita Benefiel.

Purdue University Extension Service, Kentucky State University, and the University of Kentucky are sponsoring the webinar series, which will be held on three consecutive Tuesday nights starting on October 26 from 7-9 P.M. EST. The focus of the programs is nutrition and health issues in raising goats and sheep. Classes will be taught by Purdue Extension Specialists, Educators, and Kentucky livestock specialists.

Goat production numbers are rising in Indiana and Kentucky. According to the U.S. Department of Agriculture (U.S.D.A.) 45,000 goats are raised in Indiana and 87,000 in Kentucky. Sheep and lamb numbers in Indiana have been fairly consistent over the past several years. The most recent U.S.D.A. report as of January 1, 2010 listed sheep and lamb numbers at 52,000 in Indiana.

The topics for each webinar session are as follows:

* Session 1 on October 26, concerns Parasite Control in Small Ruminants and will feature discussion about Internal Parasite Control by Dr. Kenneth Andries, Kentucky State University; Coccidiosis in Goats and Sheep and External Parasites in Goats by Dr. Mike Neary, Purdue University.

* Session 2 on November 2, features teaching about Forages and Grazing Systems for Goats led by David Trotter, Purdue Extension Educator; Alternative Forages for Goats by Dr. Kenneth Andries, Kentucky State University; and Supplementation and Feeding the Gestating Doe by Terry Hutchens, University of Kentucky.

* Session 3 on November 9, will have information about Vaccination Programs, Common Diseases and Medication Availability for Goats and Sheep by Dr. Michelle Bilderback, DVM, University of Kentucky; Urinary Calculi Problems in Small Ruminants by Terry Hutchens, University of Kentucky; and Foot Rot Control in Goats and Sheep by Dr. Mike Neary, Purdue University.

There is no cost for this program. Advanced registration is requested by calling the Huntington County Extension Office.

For more information, contact Ed Farris, Agriculture and Natural Resource Educator, Purdue Extension—Huntington County Office, 354 N Jefferson—Suite 202, Huntington by calling 260-358-4826.

FLU CLINIC

The Huntington University Department of Nursing and the Huntington County Department of Health will host a flu shot clinic from 5 to 8 p.m. Oct. 27 in the university's nursing lab, located on the lower level of the Science Hall in Room 074.

The cost is \$20 for adults and \$5 for children 18 years and younger. A free nasal mist also will be offered to children 18 years and younger. The vaccination includes the H1N1 strain.

This is the fourth year that the university and the health department have teamed up to offer a flu shot clinic for the community.

"The health department was looking for a location that we could open up to the community," said Debra Doctor, public health nurse for the health department. "And Huntington University has nursing students that could benefit from practicing their immunization skills. It helps us speed up the process to get a lot more people done in a shorter amount of time."

The health department will provide the vaccines, the supplies and the registration

forms. Under the supervision of nursing faculty, the junior nursing students will administer the vaccinations.

"We will have six stations where the shots will be given, so we should be able to move people through in a fairly timely manner," said Dr. Margaret Winter, HU nursing program director.

No appointment is needed, but those who plan to attend are asked to register in advance by calling (260) 359-4370 or by e-mail htester@huntington.edu.

Cash or checks are accepted. Checks may be made payable to the Huntington County Health Department.

HALLOWEEN BLOOD DRIVE

The first Halloween Blood Drive will take place at American Red Cross Fort Wayne donor centers Monday, Oct. 25 through Sunday, Oct. 31.

"We hope to attract new blood donors as well as our faithful givers through this promotion," said Allison Graber, communications specialist for the American Red Cross. "We appreciate the partnership of the Haunted Cave and are excited to offer a ticket to each donor during this special blood drive," Graber continued.

Advances in medical care and an aging population have increased the need for blood. Steady and consistent blood donations are key to a strong

blood supply.

You can help save lives this Halloween by participating in the inaugural Halloween Blood Drive. All who come to donate will receive one free admission to the Haunted Cave and a candy treat bag. In addition, all blood and platelet donors in October will be entered to win a weekend getaway for two to the Inn and

Spa in Cedar Falls, Ohio and a zip-line tour through Hocking Hills Canopy Tours.

Donor center hours and locations are as follows:

* Fort Wayne Donor Center located at 1212 E. California Road in Fort Wayne (across from the Memorial Coliseum)

Markle Health and Rehabilitation

American Senior Communities

Vicki Shepherd, Executive Director

Planning ahead will make the choice and transition of moving into a nursing care facility much easier whether it is for short-term rehab or long term care. It will aid in the search for the right place for yourself or other family members who deserve that special care.

Markle Health and Rehabilitation, located at 170 North Tracy Street in Markle, phone (260) 758-2131, offers just such special care for seniors. They can provide rehabilitation training, memory care services, skilled nursing care, respite stays and hospice care.

Auguste's Cottage Memory Care is a self-contained center for those with Alzheimer's disease or other memory impairments within **Markle Health and Rehabilitation's** community. Designed specifically to provide comfort, security and care in a home-like environment where residents have a sense of belonging. It is a structured, research-based program utilizing the social model philosophy of care. They care for their residents by making them feel at home, rather than in an institutional setting. Excellent healthcare is always provided, but quality of life is their primary focus. Stimulating daily activities are offered and encouraged to sustain independence and promote a healthy spirit.

Moving Forward Rehabilitation is designed for those striving to restore abilities lost due to stroke, cardiovascular difficulties, orthopedic surgery and other debilitating conditions. Programs vary in frequency and intensity and include physical, occupational and speech/language therapies. Their goal is to return their participants home safely with the skills they need to continue life on their own terms. One of the ways to accomplish this is by offering private rooms to those for short-term rehab. The therapy team prior to discharge to ensure a safe transition back to home performs in-home assessments.

Financing options include Medicare, Medicaid, insurance, long-term care and private pay. The Business Office Manager works with each resident and their family to make this process as smooth as possible.

Compassionate, friendly, patient and knowledgeable are just a few ways to describe the **Markle Health and Rehabilitation** caregivers. They pride themselves on being selective and provide on-site training and education to their professionals. Under the guiding hands of their trained staff, they pledge to give each resident the highest quality of care possible.

Please feel welcome to stop by and tour **Markle Health and Rehabilitation**. Come be their guest.
