MASTER GARDENER

After the "Spring Garden Cleanup" program with Master Gardener Ruth Herring, Ruth left her Mast Gardener notebooks at the Warren Library for reference work. These non-circulating notebooks contain a wealth of information, regardless of your experience with gardening or landscaping. If you have a question or need an idea, spend a little (or a lot) of time at the Warren Library in "the notebooks."

BENEFIT PLANNED

A benefit for Tori Martin will be held in Rome City on Saturday, May 15. If you are unable to attend, but would like to donate to the cause, canisters will be available during the Arts Festival at Stage I.

If you have any questions before Saturday, call Gena at 375-2556.

CLARIFICATION

The Missions Trip article in last weeks' paper was submitted by Warren Hillcrest Church of the Nazarene.

LOOKING FOR NEW MEMBERS

The Warren Fire Department will be accepting applications for membership. Applicants must be at least 21 years of age and not over 45. Applicants must be in good health. A mandatory 24 hour course will have to be completed, as well as a physical examination, if any applicant is considered for membership. Anyone interested can pick up applications at the Town Clerk's office. Applications can be turned in at the Town Hall or given to any Warren Fire Department member by May 28, 2004.

DAYS GONE BY

Visions of Warren past are hanging on the walls at the Warren Public Library. Besides the pictures which have graced the Library's Heritage Tree, the Friends of the Library had several enlarged and framed. Count the men on the oil derrick, on what streets

was angle parking common, where was the "Warren Theatre" located. Visit the Library and you can find out.

Thank you to Don Forst, Texas, who crafted frames for the pictures. He sent them to his sister Ruth Herring who stained the frames and mounted the pictures. Denny Stroud secured the glass for the frames and George Kriegbaum graciously gave of his time to hang the pictures.

As we continued to celebrate the 86 years that the Library has served Warren and the surrounding community, we would like to display "artifacts". If you have an item symbolic of Warren in the "good old days" and would be willing to loan it for display, please attach your name and drop it off at the library. Thank you for sharing a part of Warren's past with Warren's present and future.

CARD SHOWER

A card shower is being held for Norma Rettig in honor of her 80th birthday. Norma has lived in the Warren area most of her life.

Cards may be mailed to Norma at 801 Huntington Ave, Warren, IN 46792.

FESTIVAL MEETING

If you have events, activities, or ideas for the 2004 Salamonie Summer Festival please be at the meeting Monday May 17th, 7:00pm at the Knight-Bergman Center. All events need to be set at that meeting so that fliers can be printed. Attendance at the previous meetings has been great but we don't want to leave any ideas out, so mark your calendar and come be a part of the excitement!

Theme for this year's festival is "Summer on the Salamonie". So start putting those float ideas into place; and help make this 37th year the best yet!

If you have any additions to this year's festival and can't make the meeting please call Vickie Grim @ 260-375.3900.

LILLY IS HOOSIER HOSPITALITY

Rep. Dan Leonard (R-Huntington) proudly stands next to Lilly Nutter as she receives her 2004 Hoosier Hospitality Award from Lt. Governor Davis last Friday, May 7, 2004.

Ninety-one years young, Lilly Nutter has sold tickets at the Pulse Opera House's for more than 10 years. She has never missed an opera house performance, not even after knee surgery. She is also the moving spirit behind a group of high-energy women called Warren's Red Hatters group. The Red Hatters usher and sell tickets at the Pulse, as well as help out with production and fundraising. The Red Hatters also prepare care packages for military men and women, sell daffodils for cancer research and work at food pantries. "Lilly is always gracious and charming," says Cynthia Smyth-Wartzok of the Pulse Opera House.

DEAR WARREN INDIANA,
 On May 1, 2004 several former crewmembers and wives were in Warren for the dedication of the "New USS Salamonie AO-26 wing" at the Knight-Bergman Civic Center.
 What we found was beyond our expectations and belief.
 There was no way that we thought that this room could be transformed into the beautiful room that is there now.
 We were in awe and wonderfully happy with the outcome.
 Our thanks to Marilyn Morrison, Janice Jordan, Karen Herr, and Tom Aplegate for their fine work and dedication to this endeavor.
 A very special thanks also goes to Bill McNany, Ron Neff, Richard Bonham and Jerry Boyer for the painting and refurbishing of the room.
 The mural on the North wall is amazing and we are proud to have such a wonderful memorial to our ship, Departed Comrades, and crewmen.

John D. Lichoff
 (President USS Salamonie AO-26)

THANK YOU
 We would like to give out a big thank you to the employees of the MarkleBank, McDonalds, Subway, Huggy Bear, Hoosierland, PJ's Flower and Gifts, Gebharts Floral Barn and Green House, and "r" BAKERY, and the employees and residents of the United Methodist Memorial Home for all of their donations of baked goods and raffle items for our bake sale and raffle to raise money for baby Devin and the Lhamon family. We raised over \$750.00 to help with the expenses due to the death of baby Devin.
 We think the town should change to slogan to "a small town with a super big heart."
 Again thank you all!!
 The baby Devin committee

TO ALL THE MANY FRIENDS
 Thank you for all the cards, Get-Well Wishes, Food, and the Prayers and the caring of the United Methodist Church during my recovery from the fall on ice this winter. Friends are a Treasure to be sure.

AREA NEWS

GIRL SCOUT DAY CAMP

All Huntington County girls who are presently in grades Kindergarten through sixth grades are invited to attend the annual Girl Scout Day Camp which this year is being held from June 29 through July 2, 2004. The camp runs from 8:30 a.m. until 4:00 p.m. Tuesday through Friday except for third graders and above who may opt to spend the night on Thursday, July 1. Another exception is for Kindergarten girls who will only stay until 1 p.m. Tuesday through Thursday. On Friday, they will stay for the entire day to be able to participate in some special camp ending fun.

Those girls who are not registered Girl Scouts will have to pay an extra \$10 to cover the registration which will give them insurance protection and the right to earn two age level badges while participating in the camp program. This year's program will be enhanced by several community members who volunteer their time to share their particular expertise. Possible resource people include a librarian, archaeologist, naturalist, soil specialist, herbalist and gardener. Other camp activities include: swimming, crafts, nature activities, cookouts and campfires.

Huntington County registered Girl Scouts should have received a flyer about the camp in last week's mail. The flyer includes all of the above information as well as the location and cost of the camp for each Day Camper, Overnighter and Daisy Girl Scout. It also explains that the fees include the cost of drinks, meals, snacks, craft materials as well as household, medical and program supplies. Most importantly, it includes a registration form on which to indicate a t-shirt size as well as more important information. All girls who get their registration in by June 1 will receive a specially designed Huntington Girl Scout Day Camp shirt. Those registering after June 1 will pay the same fee, but not get the t-shirt which needs to be ordered early. Non Girl Scouts can have a flyer mailed to them by calling the Camp Director, Sara Schnepf at 356-4356.

To make this camp successful

and safe, there is a need for many volunteers to help with various aspects of the program. To help encourage leaders and mothers of campers to help at camp, there will be a Tot lot available for their children who are preschoolers or boys up to the age of ten. Another reward for helping is a \$10 discount per volunteer family. To take advantage of this discount, the parent must indicate her desire to help on the girl's application and have it turned in or mailed by June 1. If there are not enough volunteers by June 1, the camp will be cancelled.

Featured Artists Focus Images of historic local landmarks will take on many forms this Saturday during Festival of the Arts in downtown Warren.

Photographers Jamie Hahn and Summer Zimmer, both natives of Huntington, have spent the last several months capturing images of key historic landmarks throughout Huntington County to sell during the festival.

Hahn and Zimmer will join acclaimed watercolorist Sally Eckman-Roberts as Featured Artists for this year's event.

Hahn and Zimmer will have a wide variety of photographic pieces available for sale in the Artist Market. Among them will be a diverse selection of notable buildings and landscapes from Huntington County.

The images will be available in a variety of mediums, including matted and framed pieces.

Eckman-Roberts, a native of Warren, will again sell her original and licensed work ranging from matted watercolor prints to dishes and other home interiors.

Jamie Hahn, a Huntington artist and photographer, set out to photograph rural Indiana with the idea of preserving our history for the future. In the last year, the artist has traveled around northern Indiana counties photographing the present landscape. The photographs portray scenes from the countryside and from the buildings of historical downtown districts.

Through a form of printing the images on unconventional surfaces, the artist has developed

images that represent our transitional landscape.

Currently, Hahn lives and works in Huntington, Indiana operating her business as a portrait and wedding photographer and as an artist. Her artwork is in galleries in Michigan, Ohio, Indiana and Georgia. After graduating from Huntington North high school in 1995, Hahn achieved a BA from Anderson University, Anderson, Indiana in 2000. Her two majors were art history and studio art with a focus in photography.

Originally from Huntington, Summer Zimmer graduated from Huntington College in 2002 and now lives in Winona Lake. She currently works as a freelance designer, while continuing to pursue her photographic work. She enjoys both color and black and white photography as well as alternative processes such as polaroid image transfers and hand coloring. Most of her recent photographic work focuses on the effects that light has on any image, how it affects the mood, accentuates form, and dramatizes the subject.

She hopes to create something dramatic or beautiful out of that which at first glance may seem too simple to require attention. Some of her images use light to

explore value, form, and space, while others focus on the use of line and color. While many of her images involve the beauty of nature, her objective is to create a beautiful photograph rather than a photograph that is of a beautiful object.

A native of Warren, Sally Eckman-Roberts will return home as the Featured Artist for Festival of the Arts, where she will exhibit and sell her work in the Artist Market. Now a resident of Indianapolis, Sally's highly sought after originals are found in the permanent collections of many Fortune 500 companies and exclusive homes across the country. Sally's work is featured at numerous national art and botanical shows. Her current licenses include Pimpnel, Santa Barbara Ceramics, Blue Ridge

Designs, Peking Handicraft, Toland, CR Gibson, InterArt, Silverstri, Hindostone, Design Imports, Present Tense, Glitterwrap & Park Designs.

Combining her knowledge of design and her talents as a watercolorist, Sally began creating beautifully detailed designs depicting nature in a traditional manner with a contemporary feel. Through her delicate blending of rich color, patterns, and distinctive borders, Sally's designs show that art and nature are truly one. Her paintings feature classic botanicals, delicate wildflowers, ripe fruit, playful dragonflies, sandy seashells, holiday greenery, and limitless other view of nature. With her unique ability to combine art

REACCREDITATION

The Commission on Cancer of the American College of Surgeons has granted approval to the cancer program at Bluffton Regional Medical Center. Approval by the Commission on Cancer is given only to those facilities that have voluntarily committed to provide the best in diagnosis and treatment of cancer and to undergo a rigorous evaluation process and a review of its performance.

In order to maintain approval, facilities with approved cancer programs must undergo an on-site review every three years. Bluffton Regional's cancer program is supervised by Karol Poyser, a certified tumor registrar (CRT). Poyser is a member of the Indiana Cancer Registrars Association, as well as the National Cancer Registrars Association. She is currently vice president of the state association and has also served as both president and education chairman.

Established by the American College of Surgeons in 1932, the Commission on Cancer's Approvals Program sets standards for cancer programs and reviews programs to make sure they conform to those standards. Recognizing that cancer is a complex group of diseases, the program promotes consultation among surgeons, medical oncologists, radiation oncologists, diagnostic radiologists, pathologists and other cancer specialists. This

multidisciplinary cooperation results in improved patient care.

Receiving care at a Commission on Cancer approved cancer program ensures that a patient will have access to:

- Quality care close to home
- Comprehensive care offering a range of state-of-the-art services and equipment
- A multi-specialty, team approach to coordinate the best treatment options available to cancer patients
- Information about cancer clinical trails, education and support
- Lifelong patient follow-up through a cancer registry that collects data on type and stage of cancers and treatment results
- Ongoing monitoring and improvement of care

The Commission on Cancer is composed of Fellows of the American College of Surgeons and other members representing 36 national cancer-related organizations. Working with the American Cancer Society, the Cancer Liaison Program of the Commission on Cancer is supported by more than 1,500 voluntary liaison physicians who support cancer-control initiatives and the cancer program activities locally. The Commission also tracks national, regional and local cancer care patterns and trends through the National Cancer Database, another joint project with the American Cancer Society. In addition, the Commission sets standards for cancer registry data collection used by all approved cancer programs and conducts national quality management and improvement studies for specific cancer sites. Results of these studies are used by cancer program leadership to monitor and improve patient care.

Hospital Highlights

Technology. Renovation. Challenge. Change. The past year had it all. From the addition of new equipment to the sounds of remodeling to the survival of a flood, it was a year to remember.

The medical center installed a new \$2.2 million MR suite and began a \$1.95 million renovation project. The main lobby and surrounding area received a facelift, including new tile, carpeting and wall coverings. The medical/surgical unit was also re-carpeted and re-painted. Plus, we welcomed eight new physicians, including

Tom Clark, CEO

four who are supporting our new hospitalist program.

It's all part of our continued commitment to the health and well-being of the communities we serve.

CT Upgrade

The upgrade allows the CT tubes to cool faster between scans. So, if a patient needs more than one scan, the entire process takes less time to complete.

Telerad System

Telerad enables x-ray techs to take an x-ray in the ER after hours, digitize it and sent it electronically to the radiologist on-call. The radiologist views the films immediately and e-mails the results back to the ER via a secure site, which allows for faster after-hours diagnosis.

Our New MR Suite

The MR Suite houses the latest in magnetic resonance imaging (MRI) technology, which not only performs routine procedures like brain and spine imaging, but also has the ability to perform advanced vascular applications. It was designed to be upgraded, so Bluffton Regional can continue to offer the latest in diagnostic services for years to come.

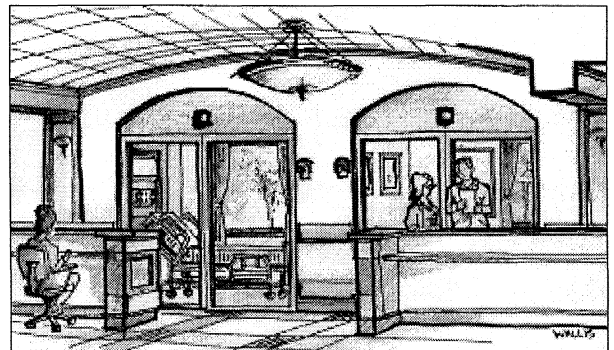

CardioRisk Enhancement

CardioRisk is a non-invasive cardiac screening that measures the amount of calcium (plaque) build-up in the coronary arteries. Following this CT scan, patients can now receive more detailed results. Rather than just receiving an overall score, patients receive a printout showing the score for each individual artery.

Major Renovation

The \$1.95 million renovation of two nursing units is the latest in a series of capital investments at Bluffton Regional. This renovation includes creation of a new intensive care unit (ICU) and skilled nursing unit. Skilled nursing is being relocated to the first floor, creating a more self-contained, inviting atmosphere that even includes an enclosed patio. The new area will also be more readily accessible to visitors.

The rendering below showcases the new state-of-the-art, seven-bed ICU. It will be designed with individual rooms that maximize privacy and glass doors that enable nursing staff to see each patient. This design, coupled with new telemetry equipment and other features, will enable staff to provide a new level of care in a private setting
